

# WMF REFRIGERATORS

## Top Loader

## Front Loader

Optional

## Available in 2 versions

The perfect compliment to a WMF One Step Espresso Machine. Custom designed for the WMF I400 and Bistro product lines, the Top and Front Loaders offer convenience and flexibility. Designed for small to large volume applications, either unit can be coupled with with the I400 or Bistro.

Consistent temperatures are achieved with true refrigeration compressors, no thermal cells.

The front loader offers an optional plastic 1.5 gal.milk container, or can be used with standard US 1 Gallon milk jugs.

NSF4 and UL Approved.
