MODEL CONFIGURATIONS	1319500401	1319500404
Easy Clean	✓	—
Auto Clean	—	✓

*Additional and two milk type configurations available via special order.

STEAM SYSTEM

The steam wand with Auto Steam feature allows users to customize milk foam density for each individual coffee creation, and produces multiple types of milk foam automatically at the push of a button.

19G HEAVY-DUTY BREWER

The heavy-duty, stainless steel brewer is made with long lasting components and features a 19g capacity and fine sieve, permitting larger brewing batches and precise coffee flavor extraction.

DYNAMIC COFFEE ASSIST

Dynamic Coffee Assist guarantees quality and consistency. It continuously monitors the brewing flow, making automatic adjustments to the grinding degree or to the coffee quantity as necessary.

CLEANING SYSTEMS – AUTO CLEAN OR EASY CLEAN – The WMF 5000 S+ comes with two cleaning system options AutoClean and Easy Clean. The AutoClean System eliminates the need for manual cleaning of the milk and coffee system. The machine will clean itself automatically at the pre-set time, with no staff intervention. The Easy Clean System is engineered to optimize efficiency and ease of use. It can automatically clean and rinse itself with hot water and steam.

EASY TO OPERATE – Simple and intuitive user interface allows even a novice to make great cappuccinos, lattes and other espresso based beverages.

STEAM JET – SteamJet warms every cup in a matter of seconds. So every drink is not only served at the ideal temperature but also remains hot for longer, for true coffee indulgence.

10" TOUCH DISPLAY – Attractive 10" touch display; navigation is simple and intuitive, using familiar touch and swipe menus. It is ideal for either self-service or staff operated mode. Perfect for promotional videos or static images.
